

ARM's Members Only Storm Water Compliance Program

The Michigan Department of Environmental Quality (DEQ) issued a new industrial storm water permit that took effect on April 1, 2016. This new permit includes complicated and challenging permit requirements that specifically apply to auto recyclers.

- Designed to make compliance **easy** and **affordable**
- Professional technical assistance and onsite guidance
- Report preparation
- MiWaters database submittals
- Organization: procedures, forms, and Storm Water Manual
- Coordination of laboratory services
- Coordination with DEQ
- Education and training
- Discounted cost for MICAR Members
